

Free Guitar Ensemble Music

arranged by Derek Hasted

Mango Walk - *Trad Jamaican*

Arrangement © Derek Hasted - downloaded from www.derek-hasted.co.uk/free

You probably already know this tune...

It's a great piece for introducing the "tresillo" - the 3+3+2 beat pattern that is common in Calypso and South American music.

And it's also a chance to introduce simple percussion too - fun for the players and a surprise for the audience.

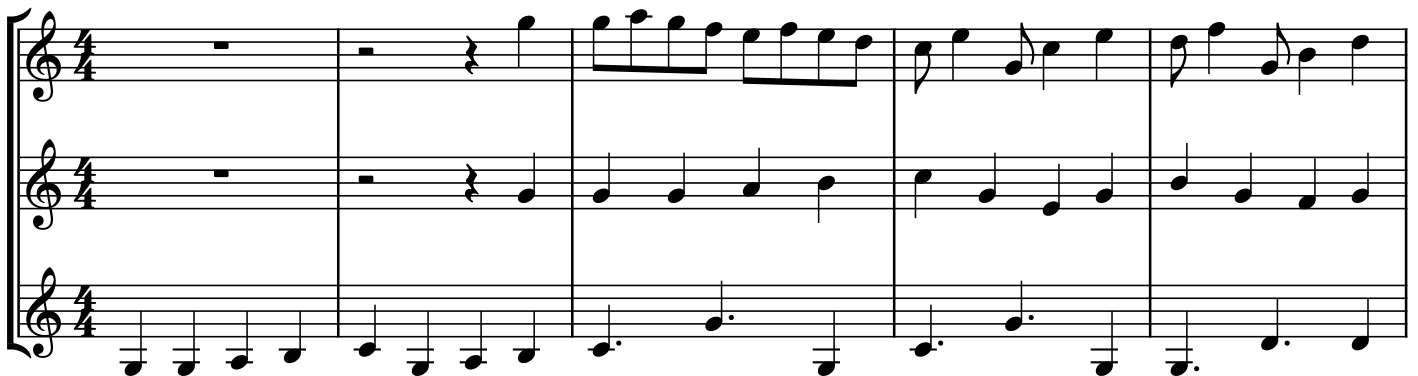

Find me on the web...
